The purpose of the revision is to add the Primary Basic Local Exchange Service to the Local Tariff and to delete certain residential and business basic local exchange services due to the fact that the services are no longer regulated. The checklist pages have also been changed to reflect effective dates of the revisions. The link to view these revised pages is: <http://www.800goquick.com/legal.asp>.

The new pages are contained in the separate files and are listed as "Pending Revisions" on the website. I respectfully request that, upon approval and filing, you return a stamped copy of this advice letter. Should you have any questions, please contact me at your convenience.

Very truly yours,
